JOHN N. MAY'S Wholesale TRADE LIST.

SPRING 1902

JOHN N. MAY'S

WHOLESALE TRADE LIST
OF

NEW and
CHOICE **ROSES**

Carnations and Chrysanthemums
FOR 1902

IN presenting you with this, my 1902 Trade List of plant specialties, I wish to thank all my friends in the trade for their very liberal patronage, and am prepared, as in the past, to give all orders intrusted to me my personal attention in the selection of plants and prompt dispatch.

I believe in liberal dealing, a fair remunerative price for all goods, and packing as light as can be combined with safety.

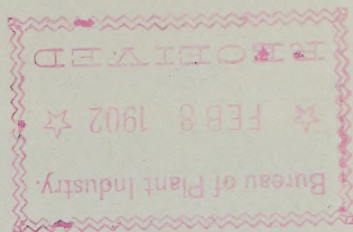

In compiling this list, I have used the greatest care in selecting such varieties as experience has taught me will be the very best of their class, carefully excluding some new varieties not having sufficient merit over standard sorts.

Trusting to be favored with your valued orders,

Yours very truly,

JOHN N. MAY.

SUMMIT, N. J.

Suggestions to Facilitate Filling Orders Promptly.

Shipping Goods.—We try to ship every order, weather, etc., permitting, as early as possible after receiving it, and in strict rotation unless instructed otherwise.

Cases and Packing are furnished free of charge, except in unusual cases. Every order is selected and packed by experienced packers in the best manner possible, and delivered to the forwarders at Summit in sound condition, in tight cases as long as the weather permits, then in cases securely covered at top with slats, etc., to secure the lowest rate possible.

Delays.—To avoid these please write order legibly, sign the same in full, giving Post Office, County and State, also name of Express Company, if any is preferred, by which the goods are to be forwarded. Failing this, we use the best information obtainable for shipping.

Errors and Damages.—Where such occur patrons will confer a favor by advising me by mail immediately on receipt of goods, and if the fault is ours we will correct it at once, if possible; but I cannot guarantee against damages in transportation.

Remittances.—All orders from unknown correspondents must be accompanied with remittance from same, or satisfactory references. Money can be sent either by Bank Draft, Post Office or Express Money Orders, or by Registered Letter.

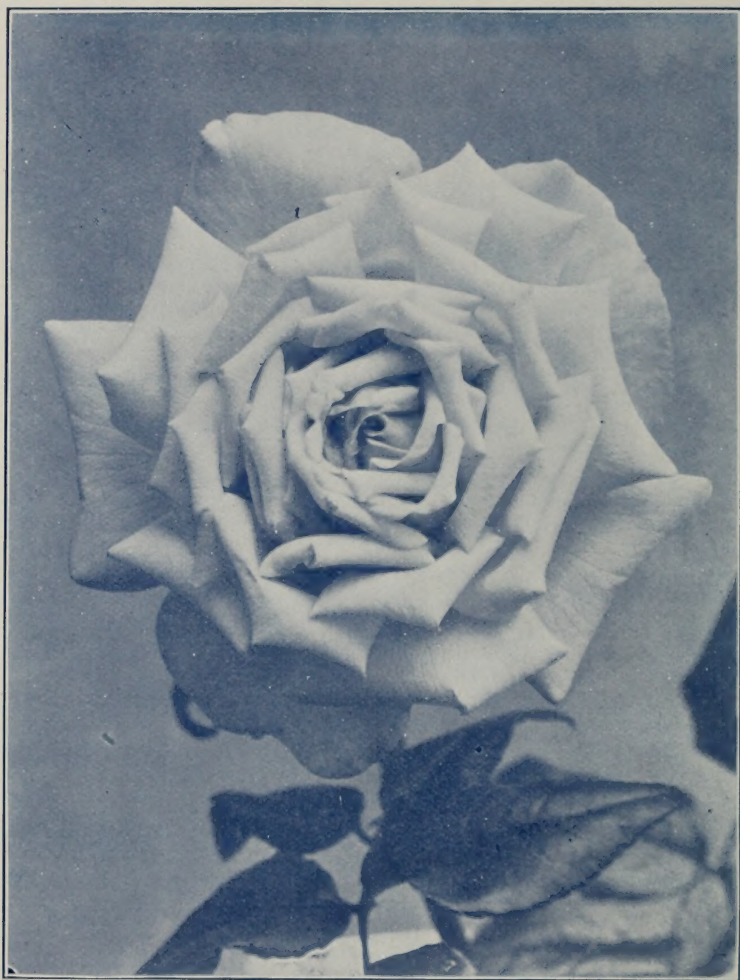

C. O. D. Orders will positively not be filled unless the money be sent with the order as a guarantee of good faith. I will make no exception to this rule.

Size of Stock.—I grow everything offered, from pots in standard sizes, and each size is as fine stock as it is possible to produce, and at prices as low as such stock can be produced. Six at dozen rates, 50 at 100 rates, 500 at 1000 rates, except the new varieties otherwise quoted.

Invoices are sent with each shipment of goods. The prices are net cash within 30 days, or 5% (five per cent.) discount for cash with order. All orders subject to these conditions, unless otherwise agreed upon before booking the same.

Larger Size Plants—When possible I prepare these for later planting. If orders are placed early enough I can always supply them.

Visitors are always welcome to inspect our stock.

NEW ROSE MRS. OLIVER AMES.

Illustration shows a bloom fully developed. See description, page 5.

The Sensational New Rose for 1902.

MRS. OLIVER AMES.

This grand rose is a sport from Mrs. Pierpont Morgan, possessing the same vigorous habit, fine glossy foliage of deep green, erect stout stem, and even more free flowering qualities. The flowers are very full and large, averaging four inches in diameter when in perfection. The color is a lovely soft blush with a little deeper shading in the center and on the edges of the petals, and a delicate tint of yellow at the base of the petals, making it the most beautiful of all the delicate colored roses ever offered. Its keeping qualities are unsurpassed. In short, it is the ideal rose in size, color, form, stem, foliage and free flowering qualities.

It has taken *Five Large Silver Medals*, namely:

At the New York Show, October 30, 1901.

At the Newport, R. I., Show, November 5, 1901.

At the Orange, N. J., Show, November 12, 1901.

At the Philadelphia, Pa., Show, November 13, 1901.

At the New York Florists' Club, December 9, 1901.

And a Gold Medal at the Kansas City Show, November 18, 1901.

Also Certificates of Merit at Tarrytown, N. Y.; Poughkeepsie, N. Y.; Chicago, Ill.; American Institute, New York, Show; Chestnut Hill, Pa.; Madison, N. J.; Burlington, Vt.

Press Comments on the Different Exhibits of this Rose.

The American Florist, in its notes on the Philadelphia Show, page 546, says: "The other feature was a vase of John N. May's New Rose Mrs. Oliver Ames. It is a beauty, and will certainly find a place along with the Bride and Bridesmaid, a greater distinction than which is hardly to be hoped for in any rose of this class."

American Gardening, Nov. 2, page 750, says: "The rose is a sport from Mrs. Pierpont Morgan, is of pink tipped petals light yellow at the base; it scored 95 points by the Rose Society's scale and bids fair to be a valuable acquisition. It is especially fine, too, under artificial light."

NEW ROSE MRS. OLIVER AMES.

The above illustration is from a photograph taken in England ten days after the blooms had been cut at Summit, N. J., and shipped across the Atlantic. See description, page 5.

The Florists' Exchange, Nov. 16, says: "Speaking of roses, however, the new variety, Mrs. Oliver Ames, is a loadstone that is attracting a good many of the craft to Summit just now. This rose is being acknowledged a beauty wherever shown, and that it will soon become one of the standard commercial varieties is a foregone conclusion."

The American Florist, in reporting the Boston Show, Nov. 16, page 546, says: "In roses the new Mrs. Oliver Ames, from J. N. May, was a prime attraction, and received as much attention as anything in the show, the visiting ladies dividing their enthusiasm between this rose, the Holy Ghost flower and the Baby Orchid."

What the Leading Retail Florists of the Different Cities say of this Rose:

Mr. Philip Breitmeyer, of Detroit, Michigan, saw it growing at Summit on Oct. 30, and was so pleased with it that he declared emphatically it was the most beautiful of all light colored roses he had ever seen, and that it would supplant all such varieties as Golden Gate, Mme. Watteville etc.

Mr. H. H. Battles, of 108 South 12th St., Philadelphia, Pa., writes, under date of Nov. 23, 1901: Dear Mr. May—The Mrs. Oliver Ames is beautiful. We have given it the place of honor in our shop, and shall take much pleasure in showing it to others. I was unfortunate in not seeing it at our late show, but heard it spoken of in very complimentary terms. Yours very truly, H. H. BATTLES.

Mr. W. J. Palmer, of Buffalo, writes, under date of Nov. 28: Dear Sir—The beautiful Mrs. Oliver Ames roses received in perfect condition and are very much admired by my customers. Just as I have heard you say, the public want something besides Bride, Bridesmaid, Meteor, or even Beauty. Each of my customers who saw it remarked something good about it. Accept my thanks for the beautiful roses. Yours truly, W. J. PALMER.

Messrs. J. H. Small & Sons, Washington, D. C., under date of Dec. 2, 1901, write: Dear Mr. May—We beg to acknowledge the receipt of the box of Mrs. Oliver Ames roses, which arrived on Wednesday, Nov. 27. They were in perfect condition when we received them, and we have kept two or three of them until to-day, which proved that their quality as a keeper is unsurpassed by anything we have handled. We exhibited the roses to our customers, and they were very much admired. We have no doubt from what we have seen of this rose that it has a great future in store. Again thanking you for your courtesy in sending them, we remain, Yours very truly, J. H. SMALL, JR.

Alexander McConnell, New York, under date of Dec. 16, writes: Dear Sir—I consider your new rose, Mrs. Oliver Ames, a very valuable acquisition to our collection of roses; the delicate pink tint of the bloom and fine foliage give the new introduction a decided, distinctive character. A strong grower with excellent keeping qualities, so desirable to the retail florist.

Very truly yours,

ALEXANDER MCCONNELL.

Wm. E. Doyle, of Boston, Mass., under date of Dec. 27, 1901, writes: Dear Sir—Regarding the Mrs. Oliver Ames you sent me, I will say that I think very favorably of them; desirable in color, buds of good size, and lasting qualities excellent. They arrived in perfect condition. I gave them, I think, an excellent test. I have no doubt that they will sell well. Yours very truly, WM. E. DOYLE

NEW ROSE MRS. OLIVER AMES.

The illustration shows the rose from the newly opened bud to one in full bloom.
See description, page 5.

Halliday Bros., Baltimore, Md., write, under date of Dec. 5: My Dear Mr. May—Mrs. Oliver Ames roses arrived in perfect condition, and have attracted a great deal of attention in our window to-day. I am sure it will fill a long needed want in the rose line, being so distinct in color from all others.

Yours very truly,

ROBT. HALLIDAY.

J. H. Small & Son, New York City, under date of Dec. 6, write: Mr. J. N. May, Dear Sir—Regarding the rose Mrs. Oliver Ames, of which we had cut blooms from you, we desire to say that we think very highly of it. The shade of color is most delightful, nothing better could be desired in stem or foliage and, as to its keeping qualities, we can hardly say enough. Those we had from you Dec. 1 are still good.

Yours very truly,

J. H. SMALL & SONS.

On December 13, 1901, a box of Mrs. Oliver Ames was shipped from Summit to England, and ten days later was received by the editor of the *London Gardener's Chronicle*, as the following extract from an article in that paper, published on page 473, December 28, will show:

Roses from America for Our Christmas Table.

"On Monday, the 23d inst., our table was gayly decorated by nearly a dozen beautiful roses, which had been cut in America eight or ten days previously. So carefully were these packed, that the foliage upon the stems, which were some nine or ten inches, was not only perfectly fresh, but the blooms were fresh also—fresher, indeed, and better in color than many we have seen on exhibition stages; not one petal from any blossom had fallen. This variety is a new one and a sport from Mrs. J. Pierpont Morgan, itself an American sport from that lovely Tea Rose Mme. Cusin. The novelty has been named Mrs. Oliver Ames, and it will be put in commerce next year by Mr. John N. May, nurseryman, Summit, New Jersey."

What higher commendation could be needed of its keeping and traveling qualities?

New Rose White Golden Gate (Ivory).

A sport from the popular rose Golden Gate, and counterpart of it in every particular except in color, which is a clear *ivory white*. This variety will prove especially valuable not only as a very free flowering, easily grown rose for winter, but also will prove a fine summer variety either under glass or in the open ground.

NEW ROSES OF 1901.

PINK PEARL (Manda). In bud the color is a rich crimson; when expanded a beautiful pearl pink, perfectly double; a very strong, vigorous grower suitable as a climber or for trailing over rockwork; a real acquisition. \$20.00 per 100.

QUEEN OF EDGELY. Pink sport of American Beauty, and a counterpart of that variety except in color.

Good plants from 2½-inch pots, \$2.00 per doz.; \$12.00 per 100.

ROBERT SCOTT (H. Tea). Retaining the size, form, color and growth of the Hybrid Perpetual class with the ever-blooming qualities of the Tea. With us it has proved as free blooming during the whole season as any of the Tea roses. The blooms are a beautiful clear pink of extra large size.

Strong own root plants, \$2.50 per doz.; \$15.00 per 100.

Grafted plants, extra strong stock, \$3.00 per doz.; \$20.00 per 100.

Choice Roses of Recent Introduction,

which will prove very distinct and desirable for those requiring a choice collection, embracing nearly all colors.

Liberty. Brilliant crimson ever-blooming Jacqueminot, but without the defects of that grand old favorite, never showing any deformed or discolored flowers; a grand rose.

PRICES: Own root plants, \$1.75 per doz.; \$10.00 per 100; \$90.00 per 1000.

Grafted plants, 5 cents per plant additional.

Mlle. Pauline Bersez. White, with deep shade of orange at base of petals; medium size, very free and distinct, in bud-form deep bright salmon.

\$1.75 per doz.; \$12.00 per 100.

Marquis Iltta De Breteuil (H. T.). In color a brilliant carmine shade of crimson of exceedingly rich tint; in size one of the largest, in form excellent; for spring, summer and fall blooming it is one of the very finest roses of recent introduction, but does much better when grafted on manetti.

Good, strong grafted plants, \$2.50 per doz.; \$16.00 per 100.

Mme. Ravary (Tea). Buds golden yellow, open flowers orange yellow; very large globular flowers; very free, \$2.00 per doz.

Monsieur Bunel (H. T.). Rosy peach color, base of petals yellow; edges of petals tinted bright rose; very promising. \$2.00 per doz.

Prince of Bulgare. Color deep bright salmon, medium size; nice elongated form, and borne on long stems, with handsome foliage. \$2.00 per doz.

Soleil D'Or. The only hardy yellow rose; a superb color, varying from gold and orange-yellow to reddish-gold.

Extra strong 2-year old grafted plants, \$1.00 each.

Sunrise. Glowing shading of copper and gold; an exceedingly pleasing color, and one that attracts the attention of every flower lover; bud of medium size and a free, continuous producer, with handsome, deep glossy foliage.

\$1.50 per doz.; \$10.00 per 100. Strong grafted plants, 5 cents per plant additional.

Tea Roses.

Standard Varieties Best Suited for Winter Forcing.

Bridesmaid. The best clear pink for forcing; extra fine form, very large, long bud.

Bon Silene. Still a great favorite with many; very free and sweet.

Catherine Mermet. Light, soft pink; very large and fine.

Corallina. A deep coral red; in form somewhat resembling the general favorite Bon Silene, but a longer bud; very free flowering, producing good, long stems. An acquisition to our medium size roses.

Golden Gate. Very large, handsome flower, and strong, vigorous grower; very free; color pale lemon, tipped with blush pink.

Mme. Hoste. Very large, fine buds; beautiful lemon color; very free.

Mme. Watteville. White, with delicate blush edges; bold, handsome flower.

Mrs. Pierpont Morgan. Sport from Mme. Cusin, and a very great improvement over that variety, being larger, deeper in color and more floriferous; one of the very best.

Climbing Roses.

GENERAL LIST.

Those marked (G) are best suited for greenhouse culture.

Crimson Rambler. No climber has ever given more general satisfaction than this grand variety. It is also very valuable for forcing, and it can be trained to any form and forced into bloom at any period in spring.

Climbing Devonlensis. (G.) Blush; very large handsome flower.

Gloire de Dijon. (G.) Large flower of delicious fragrance; blush, shaded with salmon.

Marechal Niel. (G.) The finest of all yellow roses.

Paul's Carmine Pillar. Large single flowers, produced in great abundance and exceedingly beautiful; one of the very best and strongest growers.

Solfaterre. (G.) Sulphur yellow; an extra strong vigorous grower, producing fine large flowers.

Psyche. The true pink rambler and a good companion to Crimson Rambler, producing large clusters of bright pink flowers very sweet scented.

PRICES: Extra strong one and two year old plants from \$3.00 to \$9.00 per dozen, according to size, age and variety. Strong young plants of some varieties from three-inch pots at \$1.25 per dozen; \$8.00 per 100.

New Carnations for 1902.

Enquirer (Witterstaetter). Is an extra large flower $3\frac{1}{2}$ to 4 inches, very full, ideal form, a most pleasing shade of bright rose pink; no other pink can compare favorably with it for color form or size. Its keeping qualities are of the best; robust, healthy and vigorous grower not inclined to rust or other diseases; its habit is compact. Stem is somewhat short early part of season, lengthening to 3 feet before season ends. Its blooming qualities are good for so large a flower, continuous from September to July. Its calyx is inclined to burst during the short days of winter beginning December 20, and gradually increasing until February 20, when it begins to mend gradually with bright and lengthening days. To get best results grow in pots to four, then plant on bench when ready. It has won numerous certificates of merit, also the John R. McLean Gold Medal for best seedling at Cincinnati, Ohio, and first prize at Kansas City in pink class lighter than Wm. Scott.

PRICE: \$3.00 per doz.; \$12.00 per 100; \$100.00 per 1000.

Harry Fenn (Ward). Color, clear crimson (Harvard shade), fully as brilliant as the well-known General Gomez; very large full symmetrical bloom borne on extra long stiff, wiry stem; an early and continuous bloomer, fully as free as General Maceo; fragrance rich and lasting and the flower a first-class keeper.

PRICE: \$12.00 per 100; \$27.50 per 250; \$55.00 per 500; \$100.00 per 1000.

J. H. Manley (Ward). Awarded Gold Medal at Pan-American Exposition: outbloomed any scarlet carnation the raiser has ever grown. The blooms average very large, nearly $3\frac{1}{2}$ inches in diameter, and are borne on long stiff, wiry stems. The color is a brilliant orange-scarlet, true holiday color; an excellent keeper and shipper.

PRICE: \$12.00 per 100; \$27.50 per 250; \$55.00 per 500; \$100.00 per 1000.

Viola Allen (Ward). The raisers claim this to be one of the choicest seedlings they have ever grown; color clear porcelain white delicately splashed and edged with clear rose-pink; very strong sweet fragrance; blooms large and full and borne on magnificent long stems. It has a strong, healthy, vigorous habit, a free and easy propagator and an early very free bloomer; an excellent keeper and shipper.

PRICE: \$12.00 per 100; \$27.50 per 250; \$55.00 per 500; \$100.00 per 1000.

We can also supply all the other new varieties of merit at advertised prices.

New Carnations of 1901.

California Gold. Deep but bright glowing yellow with scarlet stripings; flowers of good size borne on good stems; a free and continuous bloomer with us. \$6.00 per 100; \$50.00 per 1000.

Egypt. Deep but bright crimson; extra good stem; flower of good size and free. \$5.00 per 100; \$40.00 per 1000.

Golden Beauty. Bright golden yellow with pink markings; a very handsome flower of good size and form. \$10.00 per 100.

Gov. Roosevelt. Rich brilliant scarlet shaded crimson; very free and a constant bloomer; flowers of good size, borne on good long stems. \$6.00 per 100; \$50.00 per 1000.

Lorna. Clear white, large flower of good form and substance; a decided improvement over White Cloud. \$6.00 per 100; \$50.00 per 1000.

Norway. Pure white; vigorous and rapid grower, of splendid habit with long and stout stems; very sweet and an excellent keeper. \$6.00 per 100; \$50.00 per 1000.

Prosperity. The largest and most distinct carnation ever sent out; the color is white ground, marbled and veined with deep shaded pink; a high built flower, very full and borne on extra long stiff stems. \$6.00 per 100; \$50.00 per 1000.

Queen Louise. Clear white, very free and a continuous bloomer. \$5.00 per 100; \$40.00 per 1000.

Carnations.

General List of Choice Varieties.

Ethel Crocker. Clear bright pink; in some sections this has proven a really good variety; requires somewhat warmer temperature. \$2.00 per 100; \$15.00 per 1000.

Estelle. Clear bright glowing scarlet-crimson, brighter and better color than G. H. Crane, also a larger flower with good stiff stems of medium length. \$4.00 per 100; \$35.00 per 1000.

Genevieve Lord. Soft pink, very free, of good size and form; an all-around good variety. \$3.00 per 100; \$25.00 per 1000.

G. H. Crane. Clear bright scarlet-crimson; sturdy, vigorous constitution; flowers of nice size and form, borne on long, stiff stems. \$2.50 per 100; \$20.00 per 1000.

Lily Dean. A very beautiful variety, large flower, white ground, delicately penciled and tinted with soft pink; one of the best and freest producers ever sent out; never out of flower. It always commands a good price in the market. \$2.00 per 100; \$15.00 per 1000.

Mrs. Thos. W. Lawson. The largest variety of its color, and a grand carnation in every way. \$5.00 per 100; \$40.00 per 1000.

The Marquis. A lovely color, fine form, good stem; its only fault is its lateness in producing any quantity of flowers; good in all other respects. \$2.50 per 100; \$20.00 per 1000.

Olympia. Very large flower, white ground, penciled with bright scarlet; free, healthy, vigorous grower. \$2.50 per 100; \$20.00 per 1000.

Peru. White, good sized and well-formed flower with good stem and calyx; free and healthy grower. \$2.50 per 100; \$20.00 per 1000.

Triumph. The best deep pink yet introduced for the general florist; extra good stem; large flower with good calyx. \$2.00 per 100; \$15.00 per 1000.

White Cloud. Large, bold white, with excellent stem and calyx. \$2.00 per 100; \$15.00 per 1000.

NEW ROSE MRS. OLIVER AMES. Illustration shows the habit, manner of growth and full flowering qualities of the Rose, which it has exhibited the entire season.
Photograph taken at Summit, N. J., December, 1901.

New Chrysanthemums for 1902.

Purity. (See illustration, page 20.) Pure pearly white, incurved in form, and general build somewhat resembling *Evangeline*, but considerably larger than that variety. Of dwarf, compact habit, with excellent stem and foliage, remaining a long time in perfection on the plant. Season November 1st to 20th. Either bud. \$4.00 per doz.; \$25.00 per 100.

New European Varieties of Special Merit,

which we have imported, and of which we control the entire American supply. They are all of exceptional merit.

Godfrey's King. (See illustration, page 22.) A bold, handsome, globular formed flower, averaging 6 inches in diameter each way: top half of flower golden amber, lower half soft maroon; a rare combination of autumn foliage colors; quite a novelty and one that will take, as it is very distinct from anything on the market; an excellent commercial variety for Thanksgiving, as it keeps a long time in perfection; with good stem and foliage. 5 ft. Second crown. \$1.00 each; \$9.00 per doz.

Bessie Godfrey (Jap.). Declared by one of our best Chrysanthemum growers, who saw it growing and blooming in Europe, to be the best variety he has ever seen. In color, a bright canary yellow; in size, equal to *Mrs. Mease*, but of much better form than that grand variety; in fact, described as perfection; height, 3 to 4 feet, with good stem and foliage; an easy doer, of fine constitution. Three Certificates in England. \$1.00 each; \$9.00 per doz.

Queen Alexandra (Jap.). A handsome variety with very broad petals that turn up at the tips a little. The color is a bright fawn, with a peculiar rosy salmon or carmine shade over it; best described as glowing sunset color; of large size and very robust habit. Two Certificates. Plants, 75 cts. each; \$6.00 per doz.

Godfrey's Pet. A brilliant pure yellow; perfect form, recurving petals as smooth as ivory. Habit dwarf, but stiff and sturdy. Will prove a valuable very early variety of easy culture; end of September. Two Certificates. 75 cts. each; \$5.00 per doz.

E. J. Balfour. Clear pink, and one of the most beautiful of this color; large and fine for all purposes. 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

New Foreign Varieties of Last Season's Introduction

and others selected from very recent importations as the best and most suitable for all purposes; nearly all of them have been thoroughly tested here and are real acquisitions.

Charles Longly. Very large, deep rosy-purple, very distinct and striking; a grand exhibition flower. Season. 5th to 15th November. Second crown bud 25 cts. each; \$2.00 per doz.

Dazzler. The brightest crimson in existence; of good size; season early October; dwarf grower; good commercial variety. 20 cts. each; \$1.50 per doz.

Florence Molyneux. A splendid, large, pure white variety, but rather tall grower; midseason. 20 cts. each; \$1.50 per doz.

- General French.** Very large, incurved Japanese; very graceful form; color, bright, shining old gold; midseason. 20 cts. each; \$1.50 per doz.
- Golden Globe.** An immense globular bloom, very full; an extra fine exhibition variety; midseason; early crown. 25 cts. each; \$2.00 per doz.
- Kimberly.** Somewhat resembling Mutual Friend in form, but much fuller and deeper flower; clear yellow; extra fine variety; season, 1st to 15th November. Crown or terminal buds. 25 cts. each; \$2.00 per doz.
- Le Grand Dragon.** Rich yellow, lined with red at the edge of the florets; flowers large and of elegant form; superb grower; comes good from any bud; a sterling novelty. 15 cts. each; \$1.25 per doz.
- Loveliness.** Clear canary yellow; a very large bold, but gracefully built flower, with very broad petals, which whirl into a solid high form; as a grand exhibition flower it is one of the finest ever seen; of very strong constitution; 4 to 5 feet; first or second crown; lasts a long time in perfection, covering the whole show season. 35 cts. each; \$3.00 per doz.
- Lily Mountford.** A very broad petaled, massive, blush-pluk flower of great excellence; vigorous grower. 20 cts. each; \$2.00 per doz.
- Mathew Smith.** A massive flower of great substance; color, golden yellow ground, heavily splashed with crimson. Second crown or terminal bud. 25 cts. each; \$2.00 per doz.
- Mme. R. Cadbury.** Pure white, and unquestionably the finest white variety ever introduced; broad, massive incurved petals, built up into a very large, handsome flower, without a trace of coarseness; a much larger flower than Timothy Eaton; very easy doer, of sturdy constitution. Season, 1st to 20th of November. Good on either bud; average, 4 feet. 20 cts. each; \$2.00 per doz.
- Miss Alice Byron.** Another pure glossy white; in build, similar to Mrs. H. Weeks, but a better and more solid flower. 15 cts. each; \$1.25 per doz.; \$8.00 per 100.
- Mrs. Barkley.** Color, rich pink, very large and an all-round good variety; strong, sturdy grower; season, early in November. Second crown or terminal bud. 15 cts. each; \$1.25 per doz.; \$8.00 per 100.
- Mrs. J. C. Neville.** Another white which has produced flowers 10 inches across, and of proportionate depth; a grand exhibition flower. 25 cts. each; \$2.50 per doz.
- Mrs. J. T. Thornycroft.** Color, distinct orange-apricot; flowers of the largest size, with very long petals which incurve, reflex, and slightly curl at the tips, making it exceedingly graceful and attractive; dwarf, sturdy grower, with handsome foliage and stiff stem. First or second crown bud. 25 cts. each; \$2.50 per doz.
- Mrs. Coombs.** A fine early commercial pink of very large size. 10 cts. each; \$1.00 per doz.
- Princess Alice de Monaco.** Very large spreading white, for exhibition purposes. 10 cts. each; \$1.00 per doz.
- The Princess.** A very much improved Nellie Pockett, with flowers as large as Mme. Carnot; full and solid, very robust, sturdy habit; dwarf, with handsome foliage. First or second crown. 25 cts. each; \$2.50 per doz.
- Vicar of Leatherhead.** Nice rich yellow; a seedling from Mme. Carnot, with similar form, but the petals are longer and the flowers larger; fine for exhibition. 20 cts. each; \$2.00 per doz.

NEW CHRYSANTHEMUM PURITY.

See description, page 18.

New Chrysanthemums of Other Raisers.

The descriptions are those furnished by them, and we believe are absolutely reliable. Customers can secure stock from the first propagation (which is always the strongest) by placing their orders early.

Adrian (Nathan Smith & Son). A very closely incurved Japanese, exceedingly striking in appearance; creamy white; its perfect contour, closely incurved petals, large size and high, rounded center are certain to meet general approval. Best from terminal bud, maturing about November 10; height, $4\frac{1}{2}$ feet. C. S. A. Certificate. 50 cts. each; \$40.00 per 100.

Convention Hall (Nathan Smith & Son). Closely resembles The Queen in stem, foliage and form, but is without the objectionable eye. Color, white, of an exceedingly pure tone. Very broad center petals incurving closely; tubular ray florets; height, 4 feet. Second crown, or terminal, maturing November 5. Winner of the \$200.00 prize for the best seedling at Kansas City. 60 cts. each; \$50.00 per 100.

Edgar Sanders (Nathan Smith & Son). This variety will hereafter occupy a prominent place on the exhibition table on account of its large size, artistic form and peculiar color; dark bronze, with broad, incurving petals showing the reverse only; received first prize as best bronze at Kansas City. Height, $4\frac{1}{2}$ feet; size, $7\frac{1}{2}$ inches; cut November 10. Terminal bud. 50 cts. each; \$40.00 per 100.

Harry A. Fee (Nathan Smith & Son). An exceedingly striking flower of reflexed form. Color chestnut-red, with the end of each petal distinctly tipped with yellow, and as each petal hooks up slightly at end, the effect is very pleasing. Height, 3 feet; ready November 10. Terminal bud. C. S. A. Certificate. 50 cts. each; \$40.00 per 100.

Honesty (Hollis). A large, full double white; $6\frac{1}{2}$ or 7 inches in diameter; the outer petals reflexing white, the inner ones incurved, making a deep, full flower; good foliage, and good habit of growth. Certificated by C. S. A. 1901. 25 cts. each; \$2.00 per doz.

Kansas City Star (Nathan Smith & Son). Late Japanese reflexed. Closely resembles Nagoya in height and general habit, also in size, form and substance. In color, a light shade of pink, which under artificial light is particularly pleasing, being similar to that of Daybreak Carnation. 50 cts. each; \$40.00 per 100.

Opah (Nathan Smith & Son). This is the variety so strongly indorsed by the Cincinnati and Chicago committees of the C. S. A.; one recommends it for florists' planting and the other considers it superior to either Mme. Bergmann or Lady Fitzwygram. A large flower, intermediate between its parents in form; white, slightly suffused with pink. The late buds show a decided pink coloring, and the early ones produce nearly white flowers; $3\frac{1}{2}$ feet high; second crown buds taken August 15 were cut October 4; 6 inches in diameter; much easier to manage than Lady Fitzwygram. C. S. A. Certificate. 50 cts. each; \$40.00 per 100.

Oresco (Nathan Smith & Son). Resembles Mrs. Jones in foliage, habit and form; decidedly distinct in color, first opening a beautiful apricot, shaded rose; when fully developed a pleasing shade of crushed strawberry color. Height, 3 feet; cut November 15. C. S. A. Certificate. 50 cts. each; \$40.00 per 100.

Prosperity (Hollis). A very early white; full double, incurving about four inches in diameter and as round as a ball; the foliage is good, and its general habit is all that could be desired. Certificated by C. S. A. 25 cts. each; \$2.00 per doz.
